PUBLIC SUPPORT

Public representatives of the Commissioner

Includes public representatives of the Commissioner for Entrepreneurs’ Rights for 40 activity areas; each of the representatives organizes work in their specific area, considering appeals from entrepreneurs and structures and working with relevant agencies. The Council uncovers and systematizes the problems faced by businesses in specific areas and develops possible solutions.

The Public Council

Includes members of the largest entrepreneurial associations. The Council is engaged in discussions on nominations for the offices of public representatives of the Commissioner for Entrepreneurs’ Rights and regional commissioners for entrepreneurs’ rights, participates in decisions of the Commissioner for Entrepreneurs’ Rights to suspend non-regulatory acts of local governments, and is involved in discussions on other issues.
PROTECTION OF THE RIGHTS OF ENTREPRENEURS IN THE RUSSIAN FEDERATION FROM CORRUPT PRACTICES AT THE MUNICIPAL LEVEL (PRECOP II)

A JOINT PROJECT DEVELOPED BY THE COMMISSIONER FOR ENTREPRENEURS’ RIGHTS AND THE COUNCIL OF EUROPE

“PRECOP Russia project has formed the foundation of our work. The program has given us the opportunity to learn the practices of other countries, network and establish the necessary lines of communication. PRECOP II has been launched.

The emphasis of PRECOP II HAS shifted from the federal to the municipal level, which is even more important for the everyday work to protect entrepreneurs’ rights, since it is at the municipal level that the lion’s share of abuse happens.”

AS PART OF THE PROGRAM:

Seminars are held for regional and public commissioners for entrepreneurs’ rights, members of the regional and municipal authorities and the business and expert communities on conducting research into European practices of counteracting corruption. A system of consultations for lawyers and entrepreneurs has been established.

Research is being conducted by European and Russian experts on various corruption-related issues.

PRECOP I results:

30 seminars, training sessions and round tables were held in Moscow and other Russian regions

500 participants, including regional commissioners for entrepreneurs’ rights and members of their executive offices, lawyers and attorneys are working pro bono

17 methodological materials developed in Europe on the typology of corruption risks and ways of protecting entrepreneurs’ rights

PRECOP-II

Project timeframe: 2017–2019

As of April 1, 2019:

42 seminars, training sessions and round tables have been held in Moscow and other Russian regions

1800 participants, including regional commissioners for entrepreneurs’ rights and members of their executive offices, lawyers and attorneys have been working pro bono
We have created Growth Economy Institute and have named it after Stolypin. It is a full-fledged research institute.

Mission: to consolidate the efforts of the state and business, scientific circles and the society to devise optimal solutions to foster economic growths and raise living standards and life quality in Russia.

Priority tasks:
• To devise parameters of tax reform to stimulate quality economic growth;
• Devise Tariffs Setting Revision Program in 2018-2024;
• Devise the concept of digital economy;
• Devise the reforms in pension system;
• Devise road maps to activate sources of growth.
